# BIODANZA

In Spanish Biodanza means *'the dance of life'*. Through a fusion of specially selected music, dance and movements Biodanza creates transforming experiences called *vivencias*.

Biodanza is for **everyone** - you don't need particular dance experience. It draws on different movement traditions and life-centred principles to facilitate connection to *vitality, joy and life force*. Biodanza is coming to **Canberra** and **Sydney** this **August**.

BIODANZA WITH KATE CLEMENT DIDACTIC BIODANZA TEACHER
